

Advanced Strategies for Virtual Engagement Using Zoom

Leadership Strategies 

Why it Works

While Zoom includes several features for engagement, such as polls, chats, whiteboards and breakout groups, few people know how to couple them with advanced-level engagement strategies. This 1/2 day course will teach you to maximize the use of these features with more than a dozen engagement techniques used by the experts at Leadership Strategies.

In this course, you won't just *learn* what to do, or just see how to do it, **you will actually do it!** You will come away from this class confident that you can make your next Zoom session buzz with excitement. Why? Because you will have practiced using Zoom's advanced features to maximize participant engagement yourself.

Learn How To

- Incorporate advanced engagement strategies such as Dump and Clump, Rotating Flip Charts, and One Minute Collaboration to yield better results.
- Implement these strategies in a variety of sessions, such as strategy, action planning, status meetings, etc.

Ideal For

- **Managers / Executives / Facilitators / Trainers / Consultants / Analysts / Teams**
