Zoom Advanced Engagement Strategies

Leadership Strategies 

Why it Works

While Zoom includes several features for engagement, such as polls, chats, whiteboards, and breakout groups, few people actually use them, and even fewer know how to couple them with advanced level engagement strategies.

This sixteen video series includes live recorded sessions and simulated role plays to demonstrate powerful strategies to maximize engagement. You also get a resource library filled with instruction sets and pre-formatted templates that you can use for your own sessions.

Our easy-to-use online learning format can be completed in a short time and applied immediately to your work.

Learn How To

- Incorporate more than a dozen advanced engagement strategies such as Dump and Clump, Whip Around, Rotating Flip Charts, and Chatter Fall.
- Implement these strategies in a variety of sessions, such as strategy, action planning, status meetings, and more!
