

From Management to Leadership

Engage and Inspire Your Team's Future Leaders

Leadership
Strategies 

Why It Works

Investing in leadership training is arguably the most crucial and enduring strategy a company can adopt to ensure the success of its executives. The stumbling block for many new executives often lies in their lack of effective leadership education which provides a very specific set of competencies. By establishing a robust leadership development program, organizations can cultivate leaders across all tiers, preparing them to embrace roles with increased complexity and responsibility more effectively.

Using the **Take a Facilitative Approach (TAFa)** methodology, new and experienced managers learn to strengthen their ability to inspire and engage others. Advance through the three levels of leadership and build an action plan based on proven principles of facilitation.

Learn How To

- Inspire people to the next level of their growth potential
- Create a project ownership mindset that generates viable solutions
- Engage effective leadership communication styles to drive success for the organization
- Gain buy-in from the team, boss and customers as you implement these fundamental changes
- Build consensus using proven collaboration strategies

Ideal For

- Team Leads/Supervisors
- Project Managers
- Department Heads
- Aspiring Leaders
- Entrepreneurs/Startup Founders
- Non-profit Leaders
- Any Team Members with Leadership Potential

Who Needs To

- Improve engagement
- Motivate their people
- Improve their coaching
- Communicate more effectively
- Establish their vision
- Build consensus
- Lead teams
- Manage meetings more effectively
